

Castle®

Ethanol Kicker Kit

Prevention is your best cure for ethanol separation.

Protect your customer's fuel from the damaging effects of ethanol in gasoline with the Castle Ethanol Kicker Kit. Regular use of the Castle Ethanol Kicker Kit will help counteract the harmful effects of ethanol fuel. It helps prevent phase separation,* remove water, stabilize, protect against corrosion, and clean the entire fuel system. Works in E-10, E-15 and E-85!

A COAST-TO-COAST CURE Works In All Seasons!

Removes seasonal
moisture

Eliminates water
found naturally in
ethanol fuel

Help Prevent
Fuel Separation

Removes deposits
left behind by
ethanol fuel blends

Stabilizes Fuel to
ensure vehicle
performance

CPP213

*The Castle Ethanol Kicker Kit is helpful in controlling phase separation. However, once phase separation has occurred, fuel cannot be recombined.
