

## TECHNICAL DATA SHEET

### CASTLE CAST IRON GRAY PAINT

**DESCRIPTION:** Castle Cast Iron Gray is created especially for engine rebuilders. Cast Iron Gray is fast drying, leaving a hard tough film making the rebuilt part look factory fresh. The tough finish resists heat, gasoline, grease, oil and moisture. The non-abrasive formula will not harm cylinder walls.

**USES:** Designed for engine re-builders but can be used wherever desired for painting a surface.

**DIRECTIONS:**

1. Be sure surface is clean and dry.
2. Mask off area to be painted.
3. Shake well (mixing ball should move freely for one minute).
4. Use at room temperature.
5. Hold can 6-8 inches from surface.
6. Use over lapping strokes, two thin coats are better than on heavy coat.

**PACKAGING:** 16oz aerosol                      12/case

**STORAGE:** Store in cool dry place away from heat.

**SPECIFICATION:**

Color	cast iron gray
Specific Gravity	.7
Flash Point	-142°F
Odor	solvent

**PRODUCT #:** C1634
