

TECHNICAL DATA SHEET

DUST BUSTER Safety Hold Down Dust

DESCRIPTION: This revolutionary aqueous sealer is wetter than water. This allows Dust Buster to penetrate deeper into porous surfaces, holding dust down at the source. It is environmentally safe, completely biodegradable. Non-flammable, non-polluting and phosphate free. Contains no silicones. Product can be diluted with water for better economy. Concentrated spray, however, will allow longer control with less labor of re-application. One gallon controls 400-600 square feet. Can be used in shops, dirt roads. Not recommended for wood floors.

USES: Will control dust wherever needed.
*Paint booths *Manufacturing *Mining Dust *Powdering Concrete

DIRECTIONS: Spray onto surface area to be controlled.

PACKAGING: gallon 4/case
5 gallon pail
15 gallon drum
30 gallon drum
55 gallon drum

STORAGE: Store in cool dry place.

SPECIFICATIONS:

Color	amber
Specific Gravity	1.05
Flash Point	280°F
Effect on Paint	none
Odor	slight amine
pH	8
Freeze Stable	yes
