

## TECHNICAL DATA SHEET

### FRESHWAY DISINFECTANT CLEANER

**DESCRIPTION:** Castle Freshway Disinfectant Cleaner is a complete hard surface aerosol disinfectant. It will remove contagious and infectious matter from any hard surface. Freshway deodorizes by destroying offensive odor and noxious unpleasant exhalations. Its germicidal action destroys most germs and it will sanitize to preserve a healthy and hygienic condition. Freshway is especially useful for small jobs such as disinfecting telephone receivers, drinking fountains and all those places where a disinfectant concentrate is inconvenient.

**USES:** \*Schools \*Garages \*Telephones \*Hospitals \*Nursing Homes  
\*Hotels/Motels

**DIRECTIONS:**

1. Shake can well before using.
2. Hold can 6 to 8 inches away from surface to be cleaned and cover with foam spray.
3. Allow to set a minutes to several minutes, depending upon the severity of the job.
4. Agitate with a sponge, cloth or brush depending on the amount and tenacity of the soil.
5. Wipe clean and rinse.
