

## TECHNICAL DATA SHEET

### HYDROBLAST

**DESCRIPTION:** Carbon deposits on intake valves and combustion chambers cause driveability problems. Castle Hydroblast is formulated to remove that carbon and improve drive ability. In severe conditions, Hydro Blast should be a step in a complete cleaning process, with Fireball Plus, Cleans Rite and the Jet Kit Super Shock Formula. Hydroblast is also a very effective top engine cleaner for conventional engines.

**USES:** \*Late model cars and trucks \*Conventional vehicles

**DIRECTIONS:** See back label for application specific to problem.

**PACKAGING:** 20oz aerosol                      12/case

**STORAGE:** Store in cool dry place. Store away from heat.

**SPECIFICATION:**

Color	amber	Specific gravity	.8
Flash Point	flammable	Cleaning	excellent
Odor	petroleum	Freeze Stable	yes
Corrosion to Metal	no		

**PRODUCT #:** C2027
