

TECHNICAL DATA SHEET

FINGER LAKES ID/4R Cold Parts Cleaner

DESCRIPTION: ID/4R has been formulated as an outstanding cold parts cleaner, with an extraordinary rust inhibitor. EPA-approved terpene bases are the key ingredients used in Finger Lakes ID/4R formulation.

ID/4R will quickly and effectively remove coarse grease, oil, tar and dirt from parts and equipment, while leaving an invisible protective coating to prevent flash rust. This water emulsified formula is non flammable, contains no chlorinated solvent or petroleum products. ID/4R is biodegradable, non-caustic, non corrosive, phosphate free, alcohol free and contains no regulated VOC's (EPA testing method #8240).

ID/4R is produced under patent #5112516 and #5393451 with other U.S. and foreign patents pending.

USES: *Parts Washers *Dip Tanks *Wipe Clothes *Sprayers

DIRECTIONS: ID/4R can be used 50:50, 2 to 1 or 3 to 1. Some agitation may be necessary for heavily soiled or baked on soiled parts.

PACKAGING: 5 gallon pail
15 gallon drum
30 gallon drum
55 gallon drum

STORAGE: Do not store near oxidizing agents.
