

# TECHNICAL DATA SHEET

## TORQUE MASTER Anti-Seize Compound

**DESCRIPTION:** Formulated with real copper and special lubricants, Torque Master is a superior anti-seize compound. It prevents seizing, galling and pulling under the most adverse conditions, such as temperatures up to 2200°F. It waterproofs in fresh and salt water, corrosive environments, and extreme pressures in excess of 50,000 psi. Torque Master assures accurate torquing and easy disassembly of all metals, including alloys of steel, aluminum, brass and copper. Meets military Specs #A9070.

**USES:** \*Head Bolts \*Spark Plugs \*Machinery \*Exhaust Manifold  
\*Swing Set \*Brake Calipers

**DIRECTIONS:**

1. Shake well before using.
2. Completely cover part to be protected.
3. Assemble part.
4. Clear until valve when finished by inverting can and spraying until only pressure escapes.

**PACKAGING:** 16 oz aerosol                      12/case

**STORAGE:** Store below 120°F.

**SPECIFICATIONS:**

Color	copper
Specific Gravity	1.0
Flash Point	-40°F
Cleaning	N/A
Effect on Paint	none
Odor	solvent
Freeze Stable	yes

**PRODUCT #:** C1625
