

TECHNICAL DATA SHEET

CASTLE TUFF GLOVE

DESCRIPTION: Castle Tuff Glove was developed to provide glove like protective barrier for the hands. Applied to hands before working, hands are protected against oil, grease, harsh detergents, paint, some acids and many solvents. In addition, Tuff Glove contains aloe vera and lanolin to protect and soften hands. It makes clean up a breeze.

USES: Hand protection and skin conditioner.

DIRECTIONS: Squirt Tuff Glove (about the size of a quarter) into one hand. Rub into both hands, covering all surfaces.

PACKAGES: 16 oz bottles 12/case

STORAGE: Store in cool dry place.
